All Things New offers an unprecedented safe haven for women and who are victims of sex trafficking. We are a faith-based ministry providing shelter, protection, restoration, and rehabilitation for those we serve. The All Things New Campaign is dedicated to raising the awareness of the second largest and fastest growing dark crime of our time – the sex trafficking of human beings. All Things New is our hope for the victims of sex trafficking whose lives have been taken. Our mission is to take them back . .

### **What They Do**

- Drop-in centers providing safety in emergency situations
- Raising awareness through speaking engagements, conferences, seminars and involvement in anti-human trafficking coalitions

### **What They Dream**

The vision of All Things New Campaign, Incorporated is to see all of sex trafficking **eradicated** by joining forces with others who are dedicated to restoring the lives of women and children who have been sexually exploited. To offer the very real hope of Jesus Christ's words that all things can become new. We envision a blanket of shelters networking across the United States ready to receive victims and to help them receive holistic healing from sexual trauma. We also envision teams of men and women educating the public about the destruction caused by pornography, and how it intertwines with and feeds the demand for sex slaves, hopefully resulting in a decrease for demand. Our vision includes developing a system of networks across the nation working hand in hand to create a safety net for all sex trafficking victims, and working to help shape and strengthen public policy regarding sex trafficking/prostitution.
